

Authors guidelines

- The abstract must be written in English.
- The title must not exceed 200 characters including spaces. Avoid non-standard abbreviations in the title. Apply capitalization.
- Authors' full name (capitalize the first character only) should precede the middle initial (uppercase) and the full last name (capitalize the first character only).
- Indicate the Name, Town, and Country of the institution(s) where the scientific work was undertaken.
- Do not underline any word in Title, Authors' List and Institution.
- The body of the abstract must be structured as follows: Context, Objective, Methods, Results, and Conclusions (for case reports: Context, Case report, Conclusion). Heads of the sections should be type in Bold Font followed by space and the text of the section. (Sentences such as "The results will be discussed... " must be avoided).
- The use of standard abbreviations is allowed; other abbreviations must appear only in the body and must be placed in parentheses following the full words at their first use.
- Only one figure (maximum size: 2x3 inches) and/or one table may be inserted in the abstract.
- Abstract (including Title, Authors' names, Institutions, Body, and Table) should not exceed 2,500 characters including the spaces. If a figure or a Table are included, the abstract should not exceed 2,000 characters
