

6th Meeting

Quality & Innovation in Personalised Pancreatic Care

Where Evidence Based
meets Precision Medicine

28 novembre 2023 Ospedale San Raffaele - Milano

P R O G R A M M E

6th Meeting

Q1
2023

Under the Patronage

ASSOCIAZIONE ITALIANA
PER LO STUDIO DEL PANCREAS

Course Directors:

Paolo Giorgio Arcidiacono, Gabriele Capurso, Claudio Doglioni,
Massimo Falconi, Michele Reni

Tuesday 28 november

08.30 Registration

09.00 Greetings from Authorities and Course organisers

SESSIONE I

Organization Models and Process for an Optimal Pancreatic Neoplasms Care

Chairs: *Gabriele Capurso (OSR Milano, ITA), Massimo Falconi (OSR Milano, ITA)*

09.30 **Pancreatic Disorders Care in Europe: organization models, unmet needs and the way to go**
Matthias Lohr (Stockholm, SWE)

09.45 **Models for Pancreatic Disorders Care in Italy**
Gianpaolo Balzano (OSR Milano, ITA)

10.00 **Relevance of Centers' organization and experience in determining patients' experience and engagement**
Guendalina Graffigna (Catholic University Milano, ITA)

10.15 **Wrap up with Patients' Advocacy Organizations**

SESSIONE II

Early diagnosis of Pancreatic Cancer: opportunities and pitfalls

Chairs: *Stefano Crippa (OSR Milano, ITA), Silvia Carrara (Humanitas Milano, ITA)*

10.30 **Surveillance of high-risk individuals: personalization and biomarkers, where is the holy grail?**
Kasper Overbeek (Erasmus, Rotterdam, NED)

10.45 **IPMNs: too much for nothing?**
Giovanni Marchegiani (Padova, ITA)

11.00 **Wrap up**

11.15 **Coffee Break**

Tuesday 28 november

SESSIONE III

A tailored clinical approach to pancreatitis

Chairs: *Carlo Fabbri (Forlì, ITA), Andrea Anderloni (Pavia, ITA)*

- 11.30 **Personalized Approach to Acute Pancreatitis Treatment**
Enrique de Madaria (Alicante, SPA)
- 11.45 **Identification of etiology as the key to personalized treatment in acute and chronic pancreatitis**
Luca Frulloni (Verona, ITA)
- 12.00 **Wrap up**

SESSIONE IV

Pancreatic Cancer beyond cancer cells

Chairs: *Claudio Sette (Roma, ITA), Federica Ungaro (OSR Milano, ITA)*

- 12.10 **The microbiome and Pancreatic Disorders**
Albrecht Neesse (Hamburg, GER)
 - 12.25 **Nerves and Pancreatic Cancer, much more than pain**
Ihsan Ekin Demir (Munich, GER)
 - 12.40 **Inflammation and Metabolism in Pancreatic Cancer**
Gioacchino Natoli (IEO, Milano, ITA)
 - 12.55 **Exploiting the immune system to treat Pancreatic Cancer**
Chiara Bonini (OSR Milano, ITA)
 - 13.10 **Wrap up**
-
- 13.25 **Lunch**

Tuesday 28 november

SESSIONE V

From Images to Tissue: how to reach Personalized Treatment

Chairs: Paolo Giorgio Arcidiacono (OSR Milano, ITA) Claudio Doglioni (OSR Milano, ITA)

- 14.15 **Artificial intelligence in Pancreatic Endoscopy**
Adrian Saftoiu (Bucarest, ROM)
- 14.30 **“Liquid and Digital” A new era for pathology?**
Aurel Perren (Bern, SWI)
- 14.45 **Predictive and Prognostic roles of transcriptomics and organoids**
Nelson Dusetti (Marsiglia, FRA)
- 15.00 **Pathway discovery in preclinical models**
Alexander Kleger (Ulm, GER)
- 15.15 **Wrap up**

SESSIONE VI

Nutrition and Personalized treatment in Pancreatic Cancer

Chairs: Michele Reni (OSR Milano, ITA), Riccardo Caccialanza (Pavia, ITA)

- 15.30 **Stage, Status, Mutations, Biomarkers: How to select the right treatment for the right patient?**
Giampaolo Tortora (Roma, ITA)
- 15.,45 **Repurposing of old drugs as new players?**
Alfredo Budillon (Pascale Napoli, ITA)
- 16.00 **Nutrition and Exercise can influence chemotherapy tolerance and efficacy**
Michele Milella (Verona, ITA)
- 16.15 **Wrap up**
- 16.30 **Coffee Break**

Tuesday 28 november

SESSIONE VII

How to personalize treatment of Neuroendocrine Neoplasms?

Chairs: *Stefano Partelli (OSR Milano, ITA), Arturo Chiti (OSR Milano, ITA)*

- 16.45 **Genetics and epigenetics in NET**
Ilaria Marinoni (Bern, SWI)
- 17.00 **Molecular Rationale for Treatment options**
Mauro Cives (Bari, ITA)
- 17.15 **Radioligand therapy in GEP-NET: which is the best place in the treatment sequence?**
Marco Maccauro (INT Milano, ITA)
- 17.30 **Wrap up & conclusions**
